

School News

October

Parents and Students,

Grab your cozy sweaters and bring your autumn spirit – October is here! 🍂 Our classroom will be filled with the magic of fall as we dive into pumpkins, leaves, and all things harvest. From leaf rubbings to pumpkin explorations, your little learners will be busy discovering the wonders of the season through play, creativity, and curiosity.

October is also a time for a little extra fun! We'll celebrate the changing colors of nature, enjoy stories about fall animals, and even sprinkle in some friendly Halloween activities. Together, we'll explore the joy of the season – with laughter, learning, and lots of hands-on memories along the way. We can't wait to see our preschoolers shine as they celebrate this colorful and festive month!

Parent's Corner

Here are some safe, educational websites you can explore with your preschooler:

- **Starfall** – starfall.com (letters, reading, math basics)
- **PBS Kids Games** – pbskids.org (familiar characters, fun learning)
- **ABCya PreK** – abcya.com (shapes, letters, early math)
- **Sheppard Software** – sheppardsoftware.com (colors, animals, numbers)

🍁 October Family Fun Activities

Enjoy the season together with these simple, family-friendly ideas:
Go on a leaf hunt and make a leaf collage.
Visit a pumpkin patch or carve/paint pumpkins.
Bake a fall treat together (pumpkin bread or apple pie).
Create a fall sensory bin (leaves, pinecones, acorns, corn kernels).
Have a family costume parade at home.
Read fall books and follow up with a themed craft.

Take a cozy family walk to look at the changing leaves.
